FairHoPe Hospice is a community-based hospice that works with patients wherever they are most comfortable, including at The Pickering House, a serene home-like setting which allows privacy and comfort for patients and their loved ones. We are a 501c3 and are committed to our patients, employees and community. One way we honor this commitment is with the recent opening of our grief center, The Anita M. Turner Center, where we provide free grief support to children, teens, adults and their families who have experienced the loss of a loved one. This support is available not only to hospice families but also to the community at large.
